

# WORKSTEAD

LIGHTING

**WORKSTEAD**

## CAPTIVATING WARMTH AND ELEMENTAL FORM.

Workstead is an award-winning, multidisciplinary design studio established in 2009. Since its founding, Workstead has earned acclaim for one-of-a-kind projects and products that are comprehensive in vision and exacting in detail.

As visual statements and tactile objects, Workstead's luminaires embody longevity in design and construction. Just as humans are inherently drawn toward light, so Workstead's lighting design is inspired by the shapes and materials that have conveyed safety and social connection throughout history. Our products, skillfully fabricated in New York City, stand firmly within a legacy of captivating warmth and elemental form.

## DESIGN

Our in-house design team creates lighting collections and custom lighting solutions for projects worldwide.

## SALES & CLIENT SERVICES

Our Sales & Client Services team is available for expert guidance on lighting collections servicing Trade, Wholesale, and Direct channels.

## MANUFACTURING

Our products are made-to-order in New York City. Each UL-listed light fixture is made and assembled by hand and comes with a robust guarantee.

## TIMELESS IMPACT

Our products are functional and iconic, balancing a dialogue between past and present. Minimal in spirit, but flexible in use, our versatile collections can be found in shops, restaurants, hotels, and residences all over the world.

# ARC HE TYPE

ARCHETYPE is a meditation on three graphic shapes referencing legendary modernist architecture; BLOCK, GABLE, and VAULT. Each fixture emits a delicate luminosity, highlighting its unique sculptural presence. This collection of sconces is an exploration of these seminal geometries.

A sequence of interlocking cubist forms creates a relief-life composition in BLOCK. GABLE is inspired by modern and post-modern architectural forms, as seen in the celebrated work of Philip Johnson. VAULT takes its cues from the vaulted forms popularized by Mies Van Der Rohe and Louis Kahn.

# BRICK

A modern interpretation of classic vanity lighting, the BRICK collection celebrates the dialogue between the handmade and the serial. Cast earthenware bases frame matte opal globes for a flattering luminous

glow. These hand glazed fixtures make a powerful statement either paired together or standing alone. These hand glazed fixtures make a powerful statement either paired together or standing alone.

# CANOPY

CANOPY deconstructs the conventional wall sconce into a series of expressed, geometric relationships. A conical shroud rises above a softly glowing

bulb to present a bold, graphic statement. Featuring an integrated dimmer, this fixture creates an arc of diffused reflection perfect for bedside use.

# HIERO GLYPH

HIEROGLYPH is composed of nested wooden cylinders—the foundational elements of our popular and versatile LODGE collection. Available as a sconce or pendant, each 9-bulb fixture makes a

striking luminous statement, referencing essential abstract forms of the De Stijl movement, and the figurative language from which the collection takes its name.

# HOUSE

The HOUSE collection is our take on the classic shaded fixture typology. Unexpectedly playful in spirit, the HOUSE Sconce is made modern thanks to an extended adjustable arm allowing the fixture to pivot and direct light. The HOUSE Cord pendants offer this iconic domestic form at

two scales. The pendants feature a modern drop-cord, a delicate brass drop-ball, and a double-sided woven fabric shade, which are subtle and impactful at either scale. Available in hewn brass with a natural linen shade, hardwired or plug-in.

# INDUS TRIAL

The INDUSTRIAL collection is the earliest and most elemental of Workstead's lighting. The Wall Lamp and Chandelier are composed of slender metal tubing, hand-cast adjustable clamps and cloth-covered cord. The pieces serve as moveable

sculptures, re-centering the eye based on configuration. An elemental Pendant is similarly adjustable and incorporates a pivoting disk that directs and reflects light, exuding a minimal but playful spirit wherever it is used.

# LO DGE

The LODGE collection embodies the convergence of two architectural concepts: structure and network. Available in flush mount, three pendants, three chandeliers and four sconces, each fixture's

structural framing is made of hand-turned oak, with a network of electrified components rendered in refined metal hardware, the collection exhibits a versatile assortment of gestures.

# ORBIT

The fixtures in the ORBIT series embody a modern interpretation of early American candle holders, radiating a warm glow from a single point of light. The collection features two highly adjustable pieces with the ability to direct or

deflect light by rotating a spun metal dish. Three additional sconces, two pendants, one table lamp, and one chandelier round out the collection exploring the scale and sculptural qualities of this celestial form.

# SHADED DED

SHADED is a series of architectural lightboxes which take cues from the contours of Workstead's iconic ARCHETYPE collection. Three streamlined forms are paired with fabric from Schumacher's storied classics line or Natural Linen, and available with a delicate metal pull chain.

SHADED VAULT conjures an arched allée, an illuminated pillar emerging from the wall. The structured geometry of SHADED BLOCK modernizes a rectangular form with an unexpectedly bold scale. SHADED GABLE features an angular crest draped in fabric, creating a minimalist sculptural statement.

# SIG NAL

The SIGNAL collection is WORKSTEAD's answer to quintessential globe lighting, explored across five fixture types. Our take on this classic typology in-

corporates signature flourishes, including a hand-blown glass globe suspended by delicate metal pins, and a jewelry-like pull chain that invites interaction.

# TASK

TASK distills the concept of task lighting into its fundamental parts—fulcrum, armature, and lamp. A sequence of concentric spheres are calibrated for physical and visual balance. The rotund, cannonball-

like base allows the arm to glide up-and-down or side-to-side, while the shade can be pivoted for diffused or directional light. Featuring an integrated dimmer knob. Also available as a plug-in.

# TOWER

TOWER is a monumental yet serene study of turned wooden cylinders. Sleek wooden forms provide a grand framework for a cluster of glowing porcelain bulbs. Available as a single pendant or as a quartet of adjacent cylinders

these pendants provide both down and side light. TOWER is suspended by a cloth-covered cord and is also available with a fixed metal down-rod in three standard overall heights. Custom heights available.
